North Salem Needs Experience, Dedication and Results !

Earlier this year when Councilman Buchholtz passed away, a vacancy was created on the town board and the board made an announcement:

It would not appoint anyone

It was not necessary and

It would give an advantage to the person at election time

Then Bill Monti, the head of the Republican Town Committee, demanded he be appointed....not the higher vote-getter in the last election, also a Republican.

Monti assured the town board he would not run in the fall. But is anyone surprised he did not keep his word? How else would the person who got the least number of votes in the last election be able to sit on the town board? He wanted the advantage for this time.

It's **your** decision who sits on our town board -- not the head of a town political committee. Now you have that choice again, in this election on November 4. Choose the candidate who works on behalf of the town and is a dedicated volunteer in every sense of the word.

MARTIN ARONCHICK THE CLEAR CHOICE FOR TOWN BOARD

Nancy, Russel, Jax and Martin

When asked why he's seeking a position on the town board, Martin says, "That's easy. Nancy and I love this community. It's a terrific place to raise our children. Its uniqueness makes it not only special, but it is one of the few communities that's been preserved for future generations. Where else can you fish in one of the best trout streams, hike open fields and scenic roads, horseback ride, bike, play sports, dine with friends in some of the best restaurants, or just put your feet up in your backyard and enjoy the sounds of songbirds, egrets, roosters and the occasional cow!

For such a small town we have it all, and it's critical that we hold onto that, maintain our unique character and keep our community vibrant and affordable."

From the moment Martin arrived in North Salem some twelve years ago, he was volunteering. He's a practicing attorney, but no challenge slows him down. Martin's commitment to North Salem is apparent in his ongoing and extensive service to our town

"I am running because I realize how important it is to have a strong advocate who will protect North Salem from overdevelopment while keeping our taxes down and our property values up. I have been closely involved with a wide range of residents so I know what many people in town are concerned about."

In his townwide mailer my opponent stated his position

William A. Monti's GOAL: TOWNWIDE GROWTH

Our town recently adopted the North Salem Comprehensive Plan. It was based on input and consideration from residents, committees, appointed and elected officials. I served on that committee.

It does not recommend townwide growth!

Please don't fall for my opponent's misconceptions.

Townwide development will not lower property taxes.

It will put more cars on our roads,
lower our property values, impact our volunteer services,
potentially degrade our water and require costly infrastructure.

**We need to responsibly deal with rising property taxes and
not advocate false solutions.**
